MN SERVICES BOOSTS UK TEAM WITH THE APPOINTMENT OF CHRISTIAN SCONDO

Mn Services, a leading fiduciary manager, is pleased to announce the appointment of Christian Scondo as client portfolio manager for its UK fiduciary management clients.

Christian, who joins from BNP Paribas Investment Partners in London where he was a market risk manager, will be responsible for ensuring that the portfolios of Mn Services' UK clients are implemented in accordance with their investment strategy. In addition, Christian will be in charge for managing the implementation of the asset allocation and liability hedging decisions that Mn Services' UK clients have delegated to us.

In July, Mn Services confirmed that it had been appointed by two UK pension schemes with combined assets of GBP 775 million.

Commenting on the appointment, Remco van Eeuwijk, managing director UK, said:

"Christian is a committed and talented investment professional and we are very excited to be welcoming him to our team. Christian's background in performance analysis and risk management gives him the broad experience necessary to manage the many different types of financial instruments, asset classes and risk factors that are part of a pension scheme portfolio."

"Attracting and retaining talent is essential to our and our clients' success. We have had a phenomenal first two years at Mn Services in the UK. Our new business pipeline continues to be strong and we expect to grow our UK business steadily. I am therefore confident that Christian's appointment will be followed by further appointments to the UK Mn Services team in the near future."

~ ends~

For further information please contact Polhill Communications on 020 7655 0550. A jpeg photograph of Christian is available on request.

Notes to Editors:

About Mn Services

Mn Services is active in the pension fund sector in the Netherlands and the UK as a fiduciary manager and pension administrator. The organisation manages assets totalling in excess of GBP 55bn (December 2009) and administers pensions for 1.9 million members of various pension funds and approximately 36,000 employers. This makes Mn Services one of the largest fiduciary management and pension administration firms in Europe.

Mn Services Investment Management UK is registered in England and Wales (BR 010224) at 60 Cannon Street, London EC4N 6NP as the branch of Mn Services Vermogensbeheer B.V., a limited liability company that is incorporated in the Netherlands (The Hague Chamber of Commerce, 27245360), authorised as an investment manager by the Dutch Authority for Financial Markets (AFM), and subject to limited regulation by the UK Financial Services Authority. Details about the extent of our regulation by the Financial Services Authority are available from us on request.
